SS=D PERSONAL FUNDS Upon written authorization of a resident, the	
Upon written authorization of a resident, the	
facility must hold, safeguard, manage, and account for the personal funds of the resident deposited with the facility, as specified in paragraphs (c)(3)-(8) of this section.	
The facility must deposit any resident's personal funds in excess of \$50 in an interest bearing account (or accounts) that is separate from any of the facility's operating accounts, and that credits all interest earned on resident's funds to that account. (In pooled accounts, there must be a separate accounting for each resident's share.)	
The facility must maintain a resident's personal funds that do not exceed \$50 in a non-interest bearing account, interest-bearing account, or petty cash fund.	
The facility must establish and maintain a system that assures a full and complete and separate accounting, according to generally accepted accounting principles, of each resident's personal funds entrusted to the facility on the resident's behalf. ABORATORY DIRECTOR'S OR PROVIDER/SUPPLIER-REPRESENTATIVE'S SIGNATURE	DATE ,

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

The system must preclude any commingling of resident funds with facility funds or with the funds of any person other than another resident. The individual financial record must be available through quarterly statements and on request to the resident or his or her legal representative. The facility must notify each resident that receives Medicaid benefits when the amount in the resident's account reaches \$200 less than the SSI resource limit for one person, specified in section 1611(a)(3)(B) of the Act; and that, if the amount in the account, in addition to the value of the residents of the noneempt resources, reaches the SSI resource limit for one person, the resident may lose eligibility for Medicaid or SSI. This REQUIREMENT is not met as evidenced by: Based on interview with activity staff, it was determined that the facility failed to account for three residents' (R17, R18, R11) personal funds that were being managed by activity personnel. Findings include: An interview with E4 (Activity staff) on 4/28/11 at 9:08 AM revealed that she held 325 for R17 after R17 lost \$20 at the facility six months ago. The Policy/Procedure to correct this deficiency was completed prior to the end of the survey. As the deficiency states, there were three residents involved with the practice in question. All three residents (R11, 17 and 18) have been properly receipted per our Policy/Procedure. The Policy/Procedure has been put into place; all Activities Staff has been inserviced. ADMINISTRATOR'S PLAN FOR CORRECTION OF DEFICIENCIES WITH ANTICIPATED DATES TO BE CORRECTED

The State Report incorporates by reference and also cites the findings specified in the Federal Report.

An unannounced annual survey was conducted at this facility from April 25, 2011 through May 2, 2011. The deficiencies contained in this report are based on observation, interviews and review of residents' clinical records and review of other facility documentation as indicated. The facility census the first day of the survey was 93. The survey sample totaled thirty-eight (38) residents.

Skilled and Intermediate Care Nursing Facilities

3201.1.0

Scope

3201.1.2

Nursing facilities shall be subject to all applicable local, state and federal code requirements. The provisions of 42 CFR Ch. IV Part 483, Subpart B, requirements for Long Term Care Facilities, and any amendments or modifications thereto, are hereby adopted as the regulatory requirements for skilled and intermediate care nursing facilities in Delaware. Subpart B of Part 483 is hereby referred to, and made part of this Regulation, as if fully set out herein. All applicable code requirements of the State Fire Prevention Commission are hereby adopted and incorporated by reference.

Specific Deficiencies

ADMINISTRATOR'S PLAN FOR CORRECTION OF DEFICIENCIES WITH ANTICIPATED DATES TO BE CORRECTED

Facilities shall comply with the Delaware Food Code.

5-501.15 Outside Receptacles.

- (A) Receptacles and waste handling units for refuse, recyclables, and returnables used with materials containing food residue and used outside the food establishment shall be designed and constructed to have tight-fitting lids, doors, or covers.
- fitting lids, doors, or covers.
 (B) Receptacles and waste handling units for refuse and recyclables such as an on-site compactor shall be installed so that accumulation of debris and insect and rodent attraction and harborage are minimized and effective cleaning is facilitated around and, if the unit is not installed flush with the base pad, under the unit.

Cross refer to the CMS 2567-L survey report date completed 5/2/11, F372.
